LumiTop X Series: The Next Generation of Display Testing

**Flexible
FOV**

**High
resolution**

**High & low
luminance**

- » Spectrally enhanced 2D display testing
- » Flexible field of view with high precision motorized focus
- » High dynamic range from 1 mcd/m² to 1 Mcd/m²
- » High & low luminance testing combined in one system
- » Measurement times below 1 second for production line testing
- » Excellent low luminance features:
 - ▶ Cooled camera for best signal-to-noise
 - ▶ Camera and spectrometer specs < 0.001 cd/m²
- » Excellent high luminance features:
 - ▶ Motorized ND filter for bright sources
 - ▶ Up to 5000 cd/m² at 60 Hz refresh rate

**Large global customer base,
worldwide service!**
